Cancellation Line: 01246 212840 (24hrs)
Out of hours Service: 111 (24hrs)**

Care Quality Commission Rating: GOOD

At The Brimington Surgery we always aim to provide the highest possible level of care for all our patients.

The Doctors of The Brimington Surgery provide Standard General Medical Services and hold a contract with North Derbyshire Clinical Commissioning Group.

GP Partners:

Dr. Emma Fordham - MB ChB DRCOG DFFP (1991) Dundee —(F)

Dr. Simon von Schreiber - MB BS MRCP (1992) London —(M)

Dr. Rupert H White - BM BS MRCP (2009) Nottingham —(M)

Salaried GPs:

Dr. Louise Bellingham - MBChB MRCP —(F)

Dr. Andrew Fowler - MBChB —(M)

Dr. Emily R Freeman - BMedSci BM BS MRCP —(F)

Dr. Rachel M White - DFSRH MRCP MBChB —(F)

Dr. Rosanna Yeoman - MBBS MRCP —(F)

Dr. Maria Roberts - (F)

We are an approved training practice, which means that the GPs at the practice supervise fully qualified doctors, who have spent a number of years working in a hospital environment, and have decided on a career as a GP. These registrars will spend up to a year working at the practice. In total they will have studied for 10 years and worked as doctors for several more. They will be supervised at all times by one of our existing GPs.

GP Registrars:

Dr. Tom Beadman—F2

Dr. Ololade Okeowo—ST2

Dr. Val Danescu—ST2

ZERO TOLERANCE

We ask that ALL our staff be treated with respect at ALL times.

We strongly support the NHS policy on zero tolerance. Anyone attending the surgery who abuses the GPs, staff or other patients, be it verbally, physically or in any threatening manner whatsoever, will risk removal from the practice list. In extreme cases we may summon the police to remove offenders from practice premises.

NORTH DERBYSHIRE CCG

GPs in North Derbyshire have been working together to build the strong foundations required to take on new commissioning responsibilities as part of the NHS reforms and with patients being at the heart of decision making with ‘no decision about me without me’.

North Derbyshire CCG, Scarsdale, Nightingale Close, Newbold Road, Chesterfield, S41 7PF

This information can be made available in alternative formats, such as large print and audio, subject to reasonable request we may also be able to provide information in alternative languages,

PATIENT RIGHTS AND RESPONSIBILITIES

As a patient with Brimington Sugery you have a right to :

- * Receive treatment regardless of your age, sex, sexuality, ethnic origin, religious beliefs, disability or nature of your health problems as long as you reside within the practice boundaries and qualify for NHS treatment. Details of the practice boundary can be obtained from the reception staff.
- * Confidentiality
- * Gain access to an interpreter
- * Have your treatment explained to you
- * Be treated with courtesy and dignity
- * Have a relative, friend or chaperone with you
- * Refuse to be treated in front of any medical students
- * Complain, without discrimination if there is a problem
- * Consult with a primary care professional within 24 hours for urgent medical problems

You are responsible for:

- * Making and keeping appointments. Please notify the surgery in good time if you are unable to keep a booked appointment
- * Ordering repeat prescriptions in good time using the advised methods
- * Behaving in an acceptable manner; this includes behaving in a courteous and polite manner to all members of the practice and public.
- * No swearing or use of threatening language or behaviour - such behaviour will be viewed in a very serious light and the police will be informed. You will be removed from the practice list and be included in the Violent Patient Scheme.
- * Keeping the content of telephone calls to the current problem. Keeping the duration of telephone calls to a reasonable length, taking into account the needs of other patients and accepting realistic expectations of the practice.
- * Informing the practice of any change of name, address or telephone number
- * Keeping young children in your care under supervision and ensuring they behave appropriately

Community Matron/Nurse Practitioners:

Fran Mossman Alison Whitton

Practice Nurses:

Lisa Baldran Miranda Pilchowska Katie Else

Assistant Practitioner:

Mandy Rawson

Healthcare Assistants/Phlebotomists:

Gemma Power Nicola Turner

In-House Pharmacist: Liz Carlile

Practice Manager: Paula Elliott

Assistant Manager: Chelsea Webster

Care Co-ordinator: Ros Hague

Administration Team Leader: Jo

Administration Team: Leanne, Nicola, Nina, Sammy and Gabbie

This team is responsible for calling patients in for reviews (e.g. annual reviews for diabetes or COPD), processing requests for reports, forms, referrals and letters and dealing with incoming and outgoing post.

Reception Team Leaders: Juliet & Kim

Reception Team: Alice, Debbie, Faye, Gemma, Laura and Sonia

Our Reception Team are the people you speak to when you phone or call in to make an appointment or to request a repeat prescription. They are here to help you and to assist in the efficient running of the surgery for the benefit of all patients. They may, under the Doctors instructions, ask you for details to ensure you are booked with the correct Clinician.

Staff employed by Derbyshire Community Health Services who provide services to our patients include:

District Nurses are based at the Brimington Clinic and provide a nursing service to our housebound patients. They can be reached between 8am-6.30pm on 01332 564900.

Health Visitors are based at Brimington Clinic and can be reached by telephoning 01246 515 255.

The Midwifery service is now based at The Inkersall Surgery and can be contacted by telephoning 01246 470 684.

Citizens Advice Bureau - An outreach worker from C.A.B. is available in the surgery every Friday afternoon. If you would like an appointment please ask at Reception.

Social Worker - A social worker is available in surgery once a month, If you would like an appointment please ask at Reception.

JOINING THE PRACTICE:

When you first join the practice, you will be asked to complete a questionnaire about your general health. You may then need an appointment with the nurse or GP and it most important that you attend. It can take several months for your records to arrive from your previous doctor and we feel this check-up is very important. You can also request a health check yourself when you join the practice, if you wish.

In order to apply to join our practice, you will need to fill in our new patient registration form. Please return this along with proof of address and photo ID so that we can process your application. Please speak to reception if you have any concerns regarding this.

Appointments will be provided at 2 of the Practices in the area (called “The Hubs”) on behalf of all 9 Practices. These appointments will be pre-bookable and on-the-day appointments accessed via **your own Practice** where you are registered. These will be available during Evenings and Weekends.

Please note—You will still remain registered with your existing Practice and your existing access to your practice will not be affected. This service is available in addition to the current GP Practice services provided and is by pre-booked appointment ONLY

Be assured that the 9 Practices have signed an Information Sharing Agreement which governs the appropriate use of patient data in order to provide Health Care Services. Existing confidentiality clauses ensure that all employees access data appropriately and in a fully audited manner.

Effective since September 2018 The Brimington Surgery is Chesterfield East Hub and Avenue House is Chesterfield West Hub.

40% of Chesterfield’s population are registered at our surgery, Calow & Brimington, Whittington Moor and Royal Primary Care. It is these patients who will be able to attend the East Hub.

If you are not offered a Hub appointment and are interested, please ask when you are booking an appointment.

Sharing methods outside of GP services

This is via the Medical Interoperability Gateway (MIG) - a different method of sharing information held on your records and is ONLY shared with appropriate professional services who have undergone security assessments (e.g. Ambulance and Out of Hours Services, Community Health; Social Care) and are working with you to provide support, so your information is available when it is needed most.

Health and Social Care Professionals will still ask for your consent to view certain information when treating and supporting you, which means that you are always presented with an option to agree or disagree.

The only exception is 'duty of care', which means that confidentiality can be over-ridden, if, for instance, there are safeguarding concerns about someone's welfare or in a medical emergency and consent cannot be obtained. Only authorised health and social care staff involved in your care would be able to access your information, and only specifically to be able to do their job.

Access to SCR and MIG is in a coded format across secure NHS networks and accessed by trained Health Professionals with Chip and Pin smartcard access with relevant access rights embedded in it.

EXTENDED ACCESS

This is a new service, commissioned by NHS England (part of the Government's General Practice Forward View' Programme) which has enabled collaborative working.

The 9 Chesterfield GP Practices (The Brimington Surgery; Calow & Brimington Practice; Chatsworth Road Medical Centre; Chesterfield Medical Partnership; Inspire Health - previously Avenue House & Hasland Partnership; Newbold Surgery; Royal Primary Care; The Surgery@Wheatbridge; Whittington Moor Surgery) have formed '*Chesterfield GP Collaboration*' (*Chesterfield Health Provider Ltd*).

Our website, www.brimingtonsurgery.co.uk has a facility to check whether you are in our practice area. Reception are also able to advise you.

TEMPORARY RESIDENTS:

We are always happy to see any relatives or friends staying with you if they need a Doctor or Nurse **urgently**. Temporary resident appointments criteria is based around treatment that is 'immediate and necessary'.

CHANGE OF DETAILS:

If you change your name, phone number or address it is important that you let us know so we can update your records.

ACCESS TO THE SURGERY AND SERVICES:

All the practice premises have suitable access for disabled patients. We have special toilet facilities on both floors and a lift between the ground floor and first floor. There are two disabled parking spaces in the council car park immediately outside the surgery. If you have any special or particular difficulties, we are here to help. Please ask us!

Interpreter Services

We can provide interpreter services if you need them, for most foreign languages and for British Sign Language. If possible, please inform the receptionist at the time of booking your appointment so that this can be arranged in advance.

We also have a hearing loop installed in the reception area, and a portable hearing loop for use during consultations. Please ask at reception.

APPOINTMENTS:

All patients are normally seen by appointment. We have appointments available to book on the day for urgent medical problems, as well as availability two days in advance and further ahead. If you feel you need to be seen urgently you will be asked to attend at the next available appointment time or you will be called back by the on-call doctor.

If you feel that telephone advice could save an unnecessary trip to the surgery, please tell the receptionist and a doctor will telephone you.

You can make an appointment by:

- Calling in to the Surgery
- Telephone the Surgery
- Online booking – To register for this service please bring a recognised form of photo identification to the surgery where a member of the Reception Staff will generate a password for you. You can then access this service using the link on our website.

Appointment slots are ten minutes long and are for one medical issue only; if you need a longer appointment for multiple problems please tell the receptionist before you book your appointment.

If you are more than ten minutes late for your appointment, the Clinician may be unable to see you and you may be asked to re-book.

TEXT MESSAGING

We offer a text reminder service for all appointments at the surgery. If you provide a mobile telephone number we will text you before your appointment to remind you. We will also send text messages related to your wider healthcare.

Please inform a member of staff if you **DO NOT** wish to receive this service.

Sharing your records with other providers of your care

Unless you tell us otherwise, other professional providers of your care will be able to view limited parts of your records BUT unless you are medically unable to respond at the time of treatment, you will ALWAYS be asked for your consent.

Summary Care Record (SCR)

A Summary Care Record is an automatically created real time electronic record which includes your medication, adverse reactions and allergies.

Having this information stored in one place makes it easier for healthcare staff to treat you outside of your GP practice.

You can change your mind at any time about whether or not you have a Summary Care Record, but you will need to tell us.

Summary Care Record – SCR Additional Information

This is an additional enhancement to the SCR service described above. You will need to explicitly request this and it will include:

Significant problems (past and present)

Significant procedures (past and present)

Anticipatory care information and communication preferences

End of life care information

Immunisations

Sensitive items related to IVF, STDs, terminations, gender re-assignment etc. are automatically excluded so if you require these to be included you need to provide specific consent for these to be added.

PATIENT CONFIDENTIALITY AND DATA PROTECTION:

We ask you for personal information so that you can receive appropriate care and treatment. This information is recorded on a computer and we are registered under the General Data Protection Regulations. The practice will ensure that patient confidentiality is maintained at all times by all members of the practice team. However, for the effective functioning of a multi-disciplinary team it is sometimes necessary that medical information about you is shared between members of the practice team.

Everyone working in the NHS has a legal duty to keep information about you confidential and secure. If you want to see your own health records, please make your request in writing to the Practice Manager. In certain circumstances your right to see some details in your health records may be limited in your own interest.

If you are wishing to obtain information on behalf of someone else, we will need their written consent with proof of their identity.

You can register to view your record online – if you are already registered for SystemOnline, just ask at reception to have this added to your access profile. Or to register, please bring recognised photo identification to the surgery where a member of the Reception Staff will generate a password for you. Once you have registered you will be able to view your coded medical record online via the icon on our website.

General Data Protection Regulations (GDPR)

The Practice fully complies with GDPR. Under the data protection legislation patients have a right to be informed whether personal data about them is being processed and have the right of access to the data. Patients can review the data processed and formal applications for access should be made in writing to the Practice Manager.

GETTING THE RIGHT APPOINTMENT

When you ring to book an appointment, our doctors have asked that our Reception Team ask for a brief idea of the problem. This is so that they can offer you the best type of appointment, with the right person. You have the right to refuse to give details but please be aware that you may not necessarily be booked with the best type of clinician for your problem.

You may be offered an appointment with one of our other staff:

Nurse Practitioner: Our Nurse Practitioner is a very experienced nurse who has undergone extensive and additional training to enable her to treat common health problems. Her role is to see some of the same day urgent cases, which enables patients to be seen quickly and efficiently. These appointments are available daily. Please note that our Nurse Practitioner will see patients over the age of 2 and **cannot** see pregnant women or deal with mental health problems.

Clinical Pharmacist: Our Clinical Pharmacist runs some clinics and conducts medication reviews. You may be offered a face to face or a telephone appointment with her where a GP has deemed this to be appropriate.

ON ARRIVAL

On arrival in the surgery, please remember to use the patient check-in screen (where available) or inform the Receptionist of your arrival.

While you wait, you may like to take a look at our information boards which offer information on general health and local services.

HOME VISITS:

If you think you need a home visit because you are completely unable to get to the surgery, please call us **before 10:30am** to request a home visit so that the doctors can arrange their visits effectively.

Wherever possible please try to visit the surgery because for every four patients seen in the surgery we can only see one person at home. Facilities for examination are often not suitable in a home environment.

Your request will be assessed by the on call GP, who may call you back prior to planning that day's visits.

CANCELLING APPOINTMENTS:

If you need to cancel an appointment, please leave a message on our 24/7 voicemail line **01246 212 840**. *Ensure that you leave* your name, date of birth and date and time of the appointment as early as you are able *in order for us to use that slot*.

Missed Appointments: When patients do not attend their appointments, this time is wasted. In an attempt to try and resolve this, the practice has developed the a 'DNA' (Did Not Attend) policy. If your appointment is missed, you should receive a text message letting you know that you have not attended. If you continue to fail to attend we may class this as a breakdown of Practice/Patient Trust and you may be removed from the practice list and have to find an alternative GP practice.

PATIENT PARTICIPATION GROUP (PPG):

The practice has a Patient Participation Group to encourage open discussion of changes and ideas within the practice which was originally established in 2008.

Our PPG meetings are open to all members of the practice. Consequently we do not have a fixed number of members of the group, but on average there are approximately fifteen attendees.

In addition to our face-to-face meetings, we also have a virtual patient reference group, comprising of patients who are unable to attend meetings but wish to be kept up to date via email, and are also happy to be contacted on a regular basis for their views.

If you are interested in joining our Patient Participation Group please speak to our reception team for further information.

PATIENT FEEDBACK:

Our aim is to give you the highest possible standard of service at all times and to deal swiftly with any problems that may occur.

We recognise that occasionally things do not go as smoothly as we would like. If you have a complaint or concern about the service you have received, please let us know.

Please also let us know when you think we have done something well or if you have any suggestions as to how we can do something better.

We have a formal procedure to deal with any complaints about the services we provide. Our Managers will provide further information to support you through the process.

ELECTRONIC PRESCRIPTION SERVICE (EPS):

Over half of all prescriptions are now sent directly to a pharmacy, making things easier for you; you can go straight to your chosen pharmacy and collect your medication. No need for paper or a visit to the surgery!

We encourage all patients to use the electronic prescription service. This will help you, your doctors and the environment; you can help save NHS funds and precious GP time. All you need to do is nominate the pharmacy of your choice for us to send your prescriptions to electronically.

Electronic prescribing is a more reliable, secure and confidential NHS service. Unlike paper prescriptions, electronic prescriptions can't get lost between the doctor and the pharmacy and can be easily tracked.

It's easy and you do not need a computer to use this service!

Ask practice staff for more information.

ELECTRONIC REPEAT DISPENSING:

Electronic repeat dispensing allows you to obtain repeated supplies of your medication without you having to request your prescription each month.

This means that your GP will issue a batch of repeat prescriptions to last you until you are due for your next review. The prescriptions will then be available from your nominated pharmacy for collection each month as normal without you having to visit the surgery!

Prescriptions will still be dated for safety, so that medication is not able to be collected too early.

Please speak to the reception team for more information.

OUT OF HOURS:

If you need to speak to a GP or see somebody after the surgery is closed, you can contact the out-of-hours GP service by dialling 111.

You can contact this service for advice even if you feel that your condition is not urgent or serious.

Dialling 111 will get you through to a team of highly-trained advisers, who are supported by experienced nurses. They will assess your symptoms, and give you the health care advice you need to direct you to the right local service. If required, they will arrange for you to be seen/get an ambulance.

TEST RESULTS

Please telephone the surgery **after 2.00 p.m.** for results.

Please note that we do have a strict policy regarding confidentiality and data protection. In this respect we will only give out results to the person they relate to unless that person has given prior permission for their release or if they are not capable of understanding them.

If you have online access you will be able to see your results AFTER the clinician has reported on them.

PRIVATE FEES:

Certain services which we provide are not covered by the NHS and a fee will be chargeable — Please ask at reception or see our website for charges.

SELF CARE

It is estimated that every year, 50 million visits to the GP are made for minor ailments such as coughs and colds, mild eczema, and athlete's foot that can be easily resolved without a doctor's appointment.

Self-care refers to the actions we take to recognise, treat and manage our own health. It is about doing small, everyday things for yourself:

QUICKER – no need to wait for a GP appointment - keep a well stocked medicine cabinet at home; this can help you treat many minor ailments.

EASIER - Colds, coughs, indigestion and many other minor complaints can all be treated with medicines that are available over the counter from your local pharmacy or supermarket.

SIMPLE – advice and information about self care is widely available online. You can also call into any pharmacy for advice on the best treatment for your minor illness

CONSIDERATE – Self care helps relieve pressures on GP Practices and A&E

Pharmacists offer professional free health advice at any time - you don't need an appointment. From coughs and colds to aches and pains, they can give you expert help on everyday illnesses. They can answer questions about prescribed and over-the-counter medicines, advise on healthy eating, obesity and giving up smoking. Some pharmacists have private areas where you can talk in confidence. They may suggest you visit your GP for more serious symptoms. It is possible to purchase many medicines from them without a prescription. They can advise on what you might find useful to keep in your medicine cabinet.

ALWAYS FOLLOW THE INSTRUCTIONS ON THE MEDICINE LABEL AND CONSULT YOUR DOCTOR IF THE ILLNESS CONTINUES OR BECOMES MORE SEVERE.

REPEAT PRESCRIPTIONS:

If you are on regular medication, then you can usually order a repeat prescription without needing to see the doctor each time.

Patients on repeat medication will be given a computer-printed prescription with an attached re-order form. Please use this to order your repeat medication. Please tick the items you require and place it in the reception box or post it to the surgery, this makes it easier for us to manage your requests promptly. If you do not use our form, please remember to include your name and date of birth together with a full description of the repeat prescriptions required and to include a stamped address envelope if you require the prescription to be posted out.

You can also order your repeat prescriptions online. To register for this service please bring recognised photo identification to the surgery where a member of the Reception Staff will generate a password for you. Once you have registered you will be able to go online to start ordering your repeat medication via the icon on our website.

Please note: We require at least two full working days' notice to provide a prescription. If possible, order your repeat prescription a week before your medication is due to run out.

Collection should be after 10.30 a.m. wherever possible.

We cannot take orders for repeat prescriptions by telephone because of the risk of errors.

Some pharmacies offer a home delivery service for eligible patients Please ask your usual chemist for further information.
